Prerequisites:**MKTG 2202 – Introduction to Marketing Communications****Course Objectives:**

This course will allow the student to learn the fundamentals of the communications planning process. It will provide practical exposure to the integration of the elements of the marketing mix into a coordinated marketing communications plan. During this course the student will develop a case study utilising creative, media and promotional strategies. This course is for those who have a basic understanding of promotional marketing and want to learn to apply it to a practical situation. The course is directed at those involved in advertising on both the agency and client sides. It will also be of interest to those who are seeking to experience the practical applications of the theories of advertising and sales promotion.
