 - Emphasis will be placed on the timely submission of assignments. Late work will not be accepted for grading. Incomplete work will be severely penalized.
 - Collaborative learning is encouraged. However, all work submitted for grading must be the work of the individual student.
- Quizzes and exams
 - Quizzes and exams will be written during the scheduled lab sessions.
 - Missed quizzes or exams will be allocated a mark of zero.

When you print the journal entries, ensure that you print **all** journal entries including reversing and correcting entries.

Student Signature

A "student signature" is to be included in **all** of the assignments and in the term project. The "student signature" consists of two components. The first component is your name followed by your set letter and the chapter number entered as the company name. The second component is the last four digits of your student number entered with all your journal entries. Assignments and term projects without the "Student Signature" will **not** be marked.
