REPORTS AND PRESENTATIONS:

The following reports will be prepared for submission and for presentation in class:

1) Individual Reports:

a) "Strategic Planning" (minimum of 3,000 words)

 A report on the Strategic Planning process in the student's company (or one they are well acquainted with and have strong sources of information on methods employed)

The report should cover:

- The strategic planning methods used (both formal and informal) and their results
- Problems encountered with implementing strategic planning or encountered due to the lack of proper strategic planning
- Recommendations on how to overcome any problems encountered and on how to improve the overall strategic planning process
- Prepare a 10 to 15 minute oral presentation of your report for the class
- Marks = 15%
- Due date (written report)= beginning of class, February 14th. Oral presentations to follow.

b) "Process Re-engineering" (minimum of 3,000 words)

• A report on how the student would re-engineer a business process within their company (or one they are well acquainted with and have strong sources of information on methods employed).

The report should cover:

- Details on the present process. This should include procedures per company policy and the objectives of the process as well as procedures that are actually followed in the operations if they differ from the policies
- Problems presently encountered by it (or caused by it) and potential future problems.
- A proposed new business process and the evaluation of alternative courses of action
- Identify how the new process would overcome or avoid the problems encountered by the present system (improvements expected)
- Develop a plan for the implementation of the new procedures
- Identify problems that could be expected with the implementation of the new process and alternative courses of action to address those problems and your recommendations
- Identify measures that would be used to track the results of your new process
- Prepare a 10 to 15 minute oral presentation of your report for the class
- Marks = 20%
- Due date (written report) = beginning of class, April 3rd. Oral reports to follow

2) Group Report: (minimum 4,000 words)

Business Planning Report: (Case Analysis) (for presentation on April 24th.)

- Form your own groups to do this report (minimum 3 people, maximum 5)
 - This will be a group report focusing on a business plan for a student's organization, one they are aquatinted with or an actual example of an opportunity for which an organization could be started.
 - The report should:
 - Take a process or operation of the company one of your group works for (or one you are well aquatinted with) and focus on a <u>major</u> expansion or change of existing operations, or a potential new operation (new company?)
 - Describe how the new operations or expansion will address the organization's mission statement and strategic objectives (or new ones)
 - The report should cover all of the essentials of a proper business plan or business case including:
 - The appropriate budgets and financial information and analysis required
 - An implementation of the plan and guidelines for measuring the progress on implementation
 - Potential problems and risks that may be encountered and alternative methods of addressing those problems.
 - Key performance indicators that will be used to evaluate the new project after implementation
 - Prepare a 15 to 20 minute presentation of your report to be presented by the group on April 24th.
 - Each member of the group will be required to submit an evaluation report on the contributions made by each individual member of the group
 - Marks = 25%
 - Due date = beginning of class, April 24th (both written and oral portions)
