**■ Course Description**

The professional accountant is required to deal with a number of complex and technical issues in his/her practice. Topics such as consolidations, foreign currency translations, partnerships and not-for-profit accounting have only been introduced in prior courses.

Students will be expected to acquire a good working knowledge of the current CICA Handbook recommendations as well as alternative approaches to each issue addressed. Due to the technical nature of the material, students must become comfortable reading and understanding the CICA Handbook in addition to applying their knowledge to situations presented in case studies or complex questions.

The accountant must exercise professional judgment in resolving many real life situations. In reviewing assignments and analyzing case studies, particular emphasis will be placed on how the accountant resolves a problem, what resources may be available to assist him/her in reaching an appropriate solution and finally how the results should be communicated to the client.

**■ Evaluation**

Final Examination	50%
Mid-term Examination	50%
<b>TOTAL</b>	<b>100%</b>

## ■ Course Learning Outcomes/Competencies

Upon successful completion, students should have obtained many skills which are necessary to become a public accountant. They are categorized as follows:

### **Intellectual Skills - the ability to:**

- Analyze the environment surrounding a situation including the identification of: 1) the users of the financial information, and 2) the potential ramifications to each of those users resulting from the selection of a particular accounting policy.
- Solve problems in unfamiliar and changing situations.
- Develop alternative solutions to a problem.
- Recommend meaningful and practical solutions that respond to users' needs.
- Communicate clearly and effectively.

### **Technical Skills**

- The student should be able to perform the following functions or show mastery of the following skills:
- Explain the application of GAAP as it relates to objectives and criteria of financial reporting and the characteristics of the industry being reported on.
- Determine the effects of various partnership profit or loss distribution agreements and record such distributions.
- Determine the effects of various agreements to admit new partners and record such admittance.
- Determine the effects of various agreements for the withdrawals of partners and record such withdrawals.
- Record the liquidation of a partnership assuming various financial positions of the partners within the partnership.
- Discuss GAAP for not-for-profit organizations and explain the characteristics of such organizations.
- Identify reporting objectives of not-for-profit organizations.
- Maintain and report financial information on a fund accounting basis.
- Explain and account for the problems of accounting for international activities and foreign currency transactions.
- Record foreign currency transactions including the effect of fluctuating and continuous trend exchange rates and hedging transactions.
- Translate foreign operations using each of the following methods: temporal; current rate; current/non-current as they relate to monetary/non-monetary items.

- Report transaction gains and losses under GAAP.
- Explain the problems of intercorporate investment and the reporting of investments in affiliates and subsidiaries.
- Prepare consolidation worksheets and consolidated financial statements at the time of acquisition and for subsequent periods for a parent and subsidiary(ies) based on cost-method accounting and on equity-method accounting by the parent.
- Explain business combinations through the purchase of net assets and/or the purchase of shares, estimation of fair value and the handling of negative goodwill.
- Prepare reports on wholly-owned subsidiaries subsequent to the date of acquisition.
- Report on non-wholly-owned subsidiaries on dates subsequent to the date of acquisition.
- Record and report on: intercompany sale of assets on the books of both the parent and subsidiary; extraordinary items between companies; tax effect of intercompany dividends; intercompany bond holdings.
- Account for changes in parent company's share of ownership in the subsidiary.
- Account for consolidation of foreign operations.
- Account for segmented information.

## ■ Information for Students

**I.D. Required In Exam Halls:** Effective December 2000, students will be required to produce photo-identification for admittance to examination halls. Photo I.D. must be placed on the desk while writing the exam, for inspection by invigilators. Students should bring a BCIT OneCard or alternatively two pieces of identification, one of which must be government photo I.D. such as a drivers license. Please see BCIT Policy #5300, Formal Invigilation Procedures.

**Assignments:** Late assignments, lab reports or projects will **not** be accepted for marking. Assignments must be done on an individual basis unless otherwise specified by the instructor.

**Makeup Tests, Exams or Quizzes:** There will be **no** makeup tests, exams or quizzes. If you miss a test, exam or quiz, you will receive zero marks. Exceptions may be made for **documented** medical reasons or extenuating circumstances. In such a case, it is the responsibility of the student to inform the instructor **immediately**.

**Ethics:** BCIT assumes that all students attending the Institute will follow a high standard of ethics. Incidents of cheating or plagiarism may, therefore, result in a grade of zero for the assignment, quiz, test, exam, or project for all parties involved and/or expulsion from the course.

**Attendance:** The attendance policy as outlined in the current BCIT Calendar will be enforced. Attendance will be taken at the beginning of each session. Students not present at that time will be recorded as absent.

**Illness:** A doctor's note is required for any illness causing you to miss assignments, quizzes, tests, projects, or exam. At the discretion of the instructor, you may complete the work missed or have the work prorated.

**Attempts:** Students must successfully complete a course within a maximum of three attempts at the course. Students with two attempts in a single course will be allowed to repeat the course only upon special written permission from the Associate Dean. Students who have not successfully completed a course within three attempts will not be eligible to graduate from the appropriate program.

**Course Outline Changes:** The material or schedule specified in this course outline may be changed by the instructor. If changes are required, they will be announced in class.
