Learning Resources

You will NOT need to buy a textbook for this course; you'll be given handouts for each unit. To keep your handouts and assignments, you'll need a three-ring binder.

Required:

For your hand-written assignments, you'll need

- **3-hole lined 8-1/2 by 11" notepaper**
- **a pen (black or blue ink only) or HB pencil**
- **liquid paper or other means of making corrections neatly**
- **a stapler**

Recommended: You'll want to have a good English-to-English dictionary. I strongly recommend you bring your English dictionary to each class if you want to improve your spelling, vocabulary, and comprehension.

BCIT Policy Information for Students: As a BCIT student, you should familiarize yourself with the following BCIT policies and the procedures used in applying these policies:

Conduct and attendance Policy: BCIT is committed to creating and maintaining an environment that is conducive to learning. In doing so, students are expected to conduct themselves appropriately at all times, respecting other people's rights, property, environment, health and safety, and are held responsible for their own and collective actions. See page 2 of the 1999 Full-time Calendar for more information about this policy.

Harassment and Discrimination Policy: BCIT and its management, together with the unions and the Student Association, are committed to providing an environment where the individual differences of all students and employees are valued and respected - an environment free from harassment and discrimination. See the 1999 Full-time Calendar for more information about this policy.

This is not a complete list of all BCIT policies relating to students. Other policies, including Reassessment and Appeal Policy and Freedom of Information Policy are outlined in the 1999 Full-time Calendar. Check with the Pre-Entry program head if you have any questions about policies.

Assignment Details: You are required to complete all the assignments—practice and graded—for this course as well as write the midterm and the final exam. IN-class assignments must be completed and handed in during the class in which they are given. Any take-home assignments must be submitted at the beginning of the next class.

If you miss an in-class assignment, it is your responsibility to arrange with the instructor to write it in another class or at another time under the instructor's supervision. If you fail to do so, you will receive a grade of zero for the assignment. Assignments received after other students' marked assignments have been returned will receive comments but no grade.

All writing assignments must meet the following requirements:

1 □ Acceptable Paper. Use lined 8-1/2 by 11" notepaper. If you want to word-process assignments, ask your instructor. Please start writing on the side of the page that has holes on the left.

2 □ Functional Margins and Double-Spaced. Leave 1" margins on all sides of the assignment to allow for marking. Write only on every second line to leave room for the instructor's comments.

Proper Identification. Write your name and course number on the top right hand corner of each page.

Professionalism and Participation: BCIT prides itself on the professionalism of its students, who are welcome in any workplace because of their proven ability to show up and do the job in a way that earns the respect of their coworkers and supervisors.

To meet workplace standards, you'll have to

- Submit all assignments on time, or obtain extensions before deadlines
- Attend all classes, or explain an absence the same way you would have to excuse yourself for not being able to come in to work
- Treat each other and your instructor with courtesy and consideration
- Contribute to the success of your course by participating actively in every class.

Teaching Methods

We will be using several methods that have been proven effective for teaching students at BCIT:

1. **Teamwork.** In this course, you will often be working in small groups. This will allow you to develop the interpersonal skills you need to succeed at BCIT and in the workplace. You will also learn more in groups as you teach and support each other. In addition, small groups will allow you the opportunity to do a great deal of the talking in your language class.
 2. **Explaining in Your Own Words.** After you watch a video or read about a topic, you will sometimes be asked to explain or write about that topic in your own words. This will help you make English your own language, which you are able to use to express your own goals, knowledge and opinions.
 3. **Readings.** Reading can improve one's language skills significantly. The more you read; the more you can learn. We will be doing a series of readings about science and technological issues in Canada. You are responsible for doing the assigned readings at home and being prepared to discuss the readings in class.
 4. **Individual Work.** Students are responsible for their own learning. There are many exercises and assignments that students must complete on their own. Although classmates and the instructor are here to assist, you are ultimately responsible for learning the content.

Additional Information about Learning Groups

As a member of a learning group, you will have four major responsibilities

1. **Help, support, and encourage other groups members to learn the course material.** Provide feedback to the instructor on how well the members of the groups are succeeding and on any problems they may have.
 2. **Make sure all the members get the work done on time and hand in all their assignments for marking.** If members of your groups arrive late or have to leave early, fill them in on what they missed.
 3. **Help members prepare for quizzes and exams.** Discuss assignments, review work, and study together.
 4. **Help students in other groups when their group finishes an exercise ahead of another group.**
