

Year	Study Type	Study Title
2001	Survey	An Evaluation of food allergy awareness and training among food handlers at restaurant establishments in Metro Vancouver BC
2002	Microbiological	The Efficacy of Home Disinfectant Sprays in Reducing Bacterial Load on a Food Contact Surface
2002	Microbiological	Pathogens on Door Handles in Schools
2002	Microbiological	Prevalence of Mycobacterium Fortuitum-Chelonae Complex in Pedicure Baths in Vancouver Salons
2002	Microbiological	Determining the Accuracy of Watercheck Against Membrane Filtration in Testing Water for E.coli
2002	Physical	Comparison of Results for Fungal Samples Obtained Using The RCS Biotest Versus The Andersen Single-Stage Impactor
2002	Physical	Residential Wood Combustion Practices and Perceived Outdoor Air Quality in a Small Rural Northern British Columbia Community
2003	Chemical	Comparison of pH Testing Using Taylor Pool Kit between Natural and Artificial Lighting
2003	Microbiological	Efficacy of Antimicrobial Wipes in Reduction of Bacterial Load on a General Kitchen Countertop Surface
2003	Microbiological	The Efficiency of Natural Disinfectant Sprays in Reducing Bacterial Load on Cutting Boards
2003	Microbiological	The Efficacy of Washing Procedures on Organic Lettuce
2003	Microbiological	Adequacy of Thermal Processing to Kill Escherichia Coli Heavily Contaminated Ground Beef Patties
2003	Microbiological	The Pathogenicity of Contaminated Ice

2003	Microbiological	One Step Hand Sanitizer vs CAREX Liquid Soap with Hand Washing
2003	Physical	The Importance of Presoaking On Obtaining Accurate Percolation Test Results
2003	Physical	Durability of the UV-Protective Lens in Peepers Brand Tanning Salon Eyewear
2003	Survey	Correlational Study on Time Since FOODSAFE Certification and Food Safety Knowledge of Front-line Food Service Employees in the Fraser Health Authority
2003	Survey	The Effects of Education and Motivation Poster Intervention On Handwashing Behaviour at a Post Secondary Institution
2003	Survey	The Impact of Educational Guidelines on the Radiation and Safety Knowledge of Tanning Bed Operators
2003	Survey	Food Safety Awareness in an HIV/AIDS Population: A Survey
2003	Survey	Determining the Effects of Posting Handwashing Signs on Compliance in a Post Secondary Institution
2004	Chemical	Swimming Pool Test Kits – Is There Really a Difference?
2004	Chemical	Determination of the Accuracy of the Quaternary Ammonium Compound Test Papers
2004	Microbiological	Antimicrobial Activity of Vinegar on Gram Positive and Gram Negative Bacteria
2004	Microbiological	The Effectiveness of Disinfectants in Eliminating Streptococcus pyogenes from Cardio-pulmonary Resuscitation Mannequins
2004	Microbiological	The Efficacy of Portable Water Filters and Chemical Treatment to Remove Campylobacter Jejuni
2004	Microbiological	The Efficacy of Reducing E. Coli and Coliform Population in Mung Bean Sprouts by Using Diluted Bleach Solution

2004	Microbiological	Cl2 Concentration in Sanitizing Solution for Storing Wiping Cloths Vs. Number of Tables Wiped
2004	Physical	Evaluating the Effectiveness of Various Sanitizing Methods for Probe Thermometer
2004	Physical	The Ability of Insulated Lunch Bags to Keep Egg-Salad Sandwiches Cold At Room Temperature
2004	Survey	A Comparative Study Between Public and Private Swimming Pool Facilities With Regard to Fecal Contamination in the Lower Mainland
2004	Survey	Assessing the Business Community's Support Toward Vancouver's Supervised Injection Site and Its Impact on the Drug Epidemic in the Downtown Eastside
2004	Survey	Implementing Food Safety Plans in Restaurants: An Opinion Survey Among The British Columbia Public Health Inspectors
2004	Survey	A Survey of HACCP Knowledge: Is There a Difference in Knowledge between Food Service Operators Who Have Taken FOODSAFE 1 and FOODSAFE 2 in British Columbia
2005	Chemical	Evaluation of Disinfection Procedure of Reused Equipment at the Red Cross
2005	Chemical	The Effectiveness of DPD Total Chlorine Reagents After Expiry
2005	Chemical	Chlorine Residual Measurements at the "Dead End" Points in the Water Distribution System of West Vancouver
2005	Chemical	Determination of Lead in School Drinking Water
2005	Microbiological	An Analysis of the Sanitary Condition of Bagged Salad Products
2005	Microbiological	An Examination into the Ability of Staphylococcus Aureus to Grow in Sushi Rice Consisting of Different pH
2005	Microbiological	Effectiveness of Hand Washing vs. Sanitizing Wipes

2005	Microbiological	A Comparison of the Effectiveness of Two Disinfectants in the Elimination of Pseudomonas aeruginosa in Whirlpools
2005	Microbiological	Evaluating 3M (E. Coli) Petri-films's Accuracy in Detecting Escherichia coli in Drinking Water Samples
2005	Physical	Determination of Sampling Location for Temperature Monitoring of Donair
2005	Physical	The Effect of Boiling Water on Nitrate Concentration
2005	Physical	The Cost of Tracking a Silent Killer: CO Is the Effectiveness of a Carbon Monoxide Detector Dependant on How Much it Costs
2005	Physical	Changes in Measurement From Freezing Infrared Thermometers
2005	Physical	Measurement Accuracy Comparison Between the Aqualab "Pawkit" and the Aqualab Series 3
2005	Physical	Environmental Tobacco Smoke Leakage from a Simulated Smoking Room in Compliance with British Columbia Worker's Compensation Board Regulations
2005	Survey	From the Farm to the Table: Survey to Gauge Interest in the 3M Petrifilm Method of Testing for Escherichia coli O157:H7 in Irrigation Water
2005	Survey	Temperature Performance and Consumer Knowledge Regarding Domestic Refrigerators
2005	Survey	Sewage Disposal Regulation vs Sewerage System Regulation: An Opinion Survey Among Stakeholders Regarding The Direction Change of British Columbia's Land Use Program
2005	Survey	Tobacco Retailer Verbal Verification of Age: Are Measured Compliance Rates Truly Reflective of Youth Access
2005	Survey	Survey of Pest Control Companies to Determine an Association between Pesticide Application Techniques and Number of Applications Needed
2005	Survey	A Survey of Operators Knowledge of Pool Chemistry and Safety

2005	Survey	Norovirus in Long Term Care Facilities: Control Measures in Long Term Care
2005	Survey	Domestic Hot Water Temperature and Homeowner Knowledge of Scald Risks
2005	Survey	Evaluation of Marina Initiatives to Reduce Fecal Contamination in False Creek
2006	Chemical	The Free Chlorine Residual Measurements at the Dead-End in the New Westminster Water Distribution System
2006	Chemical	The Influence of Disinfecting a Tap Prior to Collecting a Water Sample for Bacterial Analysis
2006	Chemical	Ozone Air Purifier: The Effectiveness of Ozone at removing Odorous Gas
2006	Microbiological	Evaluation of Coliforms and Fecal Coliforms in Organic and Conventional Spinach
2006	Microbiological	Public Knowledge of Sanitation of Domestic Kitchen Wiping Cloths
2006	Microbiological	Comparison of Coliform Counts on Three Divisions of a Pull Open Door Handle in Public Washrooms
2006	Microbiological	How Safe It Is To Store Sushi Rice At Room Temperature?
2006	Microbiological	Electric Hand Dryers as a Source of Bacterial Contamination
2006	Microbiological	An Investigation of Raw Pet Food from a Public Health Perspective
2006	Microbiological	Survey of Imported Fresh Ready to Eat Non-Organic Strawberries from Mexico & California for the Occurrences and Levels of <i>Bacillus thuringiensis</i> Residues
2006	Microbiological	The Effectiveness of Disinfecting Cellulose Sponges Using Plastic Wrap (Vinylidene Chloride Polymer) and a Microwave Oven

2006	Microbiological	A Comparison of the Disinfection Efficiency of Chlorine Dioxide and Iodine-Based Portable Water Treatment Kits
2006	Microbiological	The Efficacy of Chlorine as a Sanitizer in Terms of Concentration and Contact Time on Food Contact Surfaces
2006	Microbiological	The Affects of Various Types of Foods on Chlorine Dissipation in Washcloth Solutions
2006	Physical	Relative Accuracy of Hach Pocket Colorimeter II
2006	Physical	Wet Food Samples Measurement Accuracy Between the Aqualab "Pawkit" and Aqualab Series 3
2006	Physical	Determining the Relationship Between Drinking Water Quality of Personal Water Bottles and Cleaning Practices Followed by the Public
2006	Physical	Vehicle Emissions Containing Ultrafine Particulate: Are We Living Too Close to Major Roadways
2006	Physical	The Effect of Ice Resurfacing on Carbon Monoxide Levels in Indoor Ice Arenas
2006	Survey	Hazardous or Not: Detecting Differences in Public Health Inspectors' Perception of Degree of Risk to Public Health Associated with a Variety of Food Items
2006	Survey	Examining the Impact of Publishing Restaurant Inspection Reports Online: Opinion Survey Among Public Health Inspectors/Operators
2006	Survey	An Opinion Survey on Voluntary Compliance with the Guidelines for Tanning Salon Operators and the Frequency of the Age Groups Who "Fake 'n Bake" in the Lower Mainland
2006	Survey	The Association Between Critical Violations on Inspection Reports and the Percentage of Food Handlers with FOODSAFE Certification
2006	Survey	Public Awareness of Public Health & Environmental Health Officers in British Columbia, Canada
2006	Survey	A Study of Secondary School Cafeteria and Vending Machine Foods in GVRD

2006	Survey	Evaluating the Effectiveness of Manitoba's West Nile Virus Public Health Campaign
2006	Survey	The Efficacy of Chlorine-Based Sanitizers and Operators General Knowledge Regarding These Products
2006	Survey	Effectiveness of Autoclaves in Tattoo and Body Piercing Establishments in British Columbia
2006	Survey	Determining the Effects of Posting Educational Signs on Compliance to Proper Gym Surface Sanitation
2006	Survey	A Survey of General Health and Safety Knowledge of Personnel Working in the Hairdressing Industry
2007	Chemical	Arsenic Removal from Contaminated Well Water Using Reverse Osmosis: Filtering the Cancer Risk Out of Your Back Yard
2007	Chemical	Arsenic In Drinking Water – Does Boiling Arsenic-Contaminated Water Significantly Concentrate Arsenic Levels
2007	Microbiological	The Potential Hazard of Tapioca Pearls in Bubble Tea from the Growth of Bacillus Cereus
2007	Microbiological	A Study of the Comparative Effectiveness of Liquid Soap Versus Foam Soap
2007	Microbiological	Comparing the Effectiveness of Sani-Wipes with 100ppm of Hypochlorite
2007	Microbiological	Is The Amount of Contamination on Money a Significant Threat to Public Health
2007	Microbiological	The Determination of Total Coliform Levels in Bagged Lettuce Salads and the Potential Impact for Public Health
2007	Microbiological	A Study to Determine if Communally Used Yoga Mats are a Concern for Public Health and Will a Regular Sanitizing Program Reduce Bacterial Levels
2007	Microbiological	The Effect of Cleaning Frequency on Microbial Contamination of Bottled Water Coolers

2007	Microbiological	Baby carrots: Health Food or Health Hazard?
2007	Physical	Examination of Differences in PM10 Levels at Two Different Light Rapid Transit Stations in the Lower Mainland of British Columbia
2007	Physical	The Efficiency of Water-Check Test Kits as Compared to Membrane Filtration in Terms of Detecting Coliforms
2007	Physical	Distance Dispersion of Fine Particulate Air Pollution From Marine Shipping Terminals in the Port of Vancouver British Columbia
2007	Physical	A Bench Scale Evaluation of Tire Chip Aggregate for Use In Domestic On-Site Sewage Distribution Fields
2007	Physical	Temperature Abuse In Open Display Meat Coolers
2007	Survey	High Risk Pedicures: A Survey of Footbath Cleaning Procedures in Vancouver Nail Salons
2007	Survey	A Survey of BC's Public Health Inspectors: Should Expiration Dates be Established for FOODSAFE Certificates
2008	Chemical	Determination of Copper Concentrations in Hot and Cold Water Taps at BCIT
2008	Microbiological	Alcoholic Fermentation of Raw Pork
2008	Microbiological	Effectiveness of Nature Clean Fruit and Veggie Wash Concentrate on Microbial Removal From Fresh Spinach Leaves
2008	Physical	A Study to Determine the Efficiency of Different Residential Furnace Filters in Removing Ultrafine Particles
2008	Physical	Palintest Pooltest5 Photometer Vs. Amperometric Titration Standard
2008	Physical	Vancouver International Airport: Infiltration of Outdoor Tobacco Smoke

2008	Physical	Measuring Water Activity ( $A_w$ ) of a Cheese-bread Wrapped Smokie over Time to Determine Shelf-life
2008	Physical	Analysis of Mosquito Population Patterns Utilizing West Nile Virus Surveillance Data Collected 2004-2007 in Fraser Health Authority Region British Columbia Canada
2008	Physical	Microwave Radiation
2008	Physical	Safety of Drip Brewed Coffee During a Water Quality or Boil Water Advisory
2008	Physical	Comparisons of the Vehicular Emission Exposure Levels of Respirable Particulate Matter for Three Types of Commuters: Bus, Car and Bicycle
2008	Physical	An Investigation of Carbon Monoxide and Nitrogen Dioxide Exposure Levels in Indoor Ice Arenas in Rural and Urban Communities in Manitoba
2008	Physical	Cooling Time of Stainless Steel Pans Versus Plastic Pans
2008	Physical	A Spatial Community Noise Assessment of Heat Pump Noise Control in a Residential Setting
2008	Physical	Analysis of Respirable Particulate Emissions from Three Passenger Vehicle Fuel Types
2008	Physical	Describing a Relationship Between the Strength of Magnetic Field and Increased Distance from a Power Line and Identifying 0.4 Tesla Magnetic Field Zone
2008	Physical	Noise Pollution
2008	Physical	Automated Soap Dispensers: Solution to Disease Transmission
2008	Survey	Statistical Analysis of Restaurant Closer Reports from Vancouver Coastal Health Authority
2008	Survey	Youth Access to Indoor Tanning Facilities in Metro Vancouver

2008	Survey	The Effects of Clerk's Age on Youths Access to Tobacco
2008	Survey	Buying the Trouble One at a Time: The Effect of Availability of Single Cigars, Cigarillos and Little cigars on the Smoking Choices of Smokers
2008	Survey	Analyzing the Tool of Empowerment to Improve the Health of Vancouver's Binning Community
2009	Chemical	Estimated Concentrations of Phthalates and Levels of Exposure to a Small Sample of the Metrotown Mall Shoppers from Common Canadian Aerosol Air Fresheners
2009	Chemical	Abstract: Concentration of Chloramines in Chlorinated vs. UV Pools
2009	Chemical	Is There a Difference In Mean Total Volatile Organic Compound (TVOC) Emissions Between CRI Green Label and Green Label Plus Carpet
2009	Microbiological	The Effectiveness of a Thymal Based Sanitizer Compared to Chlorine Bleach Solution in Killing Staphylococcus aureas
2009	Microbiological	Re-sealable Food Storage Bags: A potential Vector Leading to Microbial Contamination
2009	Microbiological	Who is Your Child Really Spending Time With At School
2009	Microbiological	Escherichia coli: Before and After Acidification in a Food Product: Ceviche
2009	Microbiological	Effectiveness of Commercial Fruit and Vegetable Wash in the Reduction of E.coli in Comparison to Tap Water
2009	Physical	A Comparison of Mean Levels of Ultrafine Particles Along the Running Trails Inside and Outside Central Park (British Columbia)
2009	Physical	Comparing the Quality of Hand Washing and Resulting Effectiveness Between Two Sets of Instructions: 20 Second Time Limit without specific Step-by-Step Pictorial Outline vs. Specific Step-by-Step Pictorial Outline
2009	Physical	Particulate Matter and Vacuuming with and without a HEPA filter

2009	Physical	VOC Emissions from Interior Paint
2009	Physical	Particulate Matter Emitted from Non-Clumping Clay-Based Cat Litter: Residential Indoor Air Quality Implications
2009	Physical	Effectiveness of Ant-radiation Patch in Controlling Electromagnetic Radiations Emitted from Cell Phones
2009	Physical	The Risk of Obtaining Premature Hearing Loss with Usage of Portable Music Players and the Different Types of Headphones
2009	Physical	An Effective and Affordable Way of Reducing Relative Humidity in the Air
2009	Physical	Determining the Reliability of LeadCheck Swabs for Detecting Lead in Lead Painted Surfaces
2009	Survey	Study of the Fecal Coliform Levels in an Infant Swimming Pool
2009	Survey	Viewpoints Towards the Future Public Health Technician Position Among the Environmental Health Personnel
2009	Survey	A Survey on the Public's Opinion of Online Postings of Restaurant Inspection Reports
2009	Survey	Comparison of Open-Ended and Closed-Ended Questionnaires to Enhance Recall to Identify the Source of Foodborne Illness Outbreaks
2009	Survey	Survey of Environmental Health Officers in Canada Regarding Their Awareness and Attitudes Toward the Raw Food Diet
2009	Survey	Survey of Consumer Perceptions of Antibacterial Soap
2009	Survey	Genetically Modified Foods: Is Mandatory Labelling an Option for Canadians?
2009	Survey	The Predominant Food Recall Type (Chemical, Physical & Microbial) within Canadian / US Food Systems

2009	Survey	Public Perception of the Risks Associated with Personal Service Establishments
2009	Survey	Environmental Health Officer Expected Retirements for 2010 and the Sustainability of their Workforce in British Columbia
2009	Survey	A Survey to Assess the Public's Opinion on Banning the Sale of Bottled Water in Public Facilities
2010	Chemical	An Investigation Into The Chemical Occupational Hazard of Service Station Workers in the Lower Mainland
2010	Microbiological	A Study of the Microbiological Safety of Tofu Available to Consumers
2010	Microbiological	What's the "Deal" on Dented Canned Products - Are They Safe to Consume
2010	Microbiological	Faucet Aerators: A Possible Source of Contamination of Bacteriological Water Samples
2010	Microbiological	The Effectiveness of Antimicrobials on Soft Surfaces
2010	Microbiological	An Evaluation of Infection Control Measures on Hard Toys in General Practitioners' Offices in Vancouver BC Canada Using Microbiological Sampling
2010	Microbiological	The Myth Behind Hand Sanitizers: Risks Associated With Improper Use of Hand Sanitizer in the Public
2010	Physical	Is Ultrafine Particulate Matter a Big Matter?
2010	Physical	Is Your Trailer Causing You Sick?
2010	Physical	Air Quality of Indoor Swimming Pools: Are Visits to the Pool Nearly as Healthy as Touted?
2010	Physical	Does Using Bluetooth Hand-Free Devices Spare You From Radiation Given Off By Your Cellular Phone

2010	Physical	Fine Particulate Matter Exposure Levels on Vancouver's Bicycle Lanes and Non-Cycling Designated Roadways: A Quantitative and Comparative Study
2010	Physical	Skytrain Passengers and EMF Exposure
2010	Physical	Analysis of Cold Storage of Eggs Using Portable Coolers: Investigating the Use of Portable Coolers as an Alternative to Mechanical Refrigerators
2010	Survey	Sanitation Policies and Procedures of Canadian Specialized and Generalized Cosmetic Stores: An Observational Study to Determine if Public Health Involvement is Required within the Cosmetic Industry
2010	Survey	Salmonellosis: Nothing to Yolk About
2010	Survey	Effectiveness of the Canadian Government's Communication to the Public During the 2009 H1N1 Influenza Pandemic
2010	Survey	Food Safety Knowledge Test: Comparison Between Consumers and Food Service Operators in the Greater Vancouver Area
2010	Survey	Is There a Risk of Anisakiasis From Eating Raw Fish in British Columbia
2010	Survey	Mass Media Influence on College Students' Knowledge and Behaviour During H1N1 Pandemic
2010	Survey	What Are The Practical Application's of BCIT's Environmental Health Curriculum for Graduates Entering the Field?
2010	Survey	The BC Trans Fat Regulation: A Metro Vancouver Restaurant Owner and Consumer Perspective
2010	Survey	Getting Sick While Getting Fit: Fitness Facilities Considered as Health Hazards
2010	Survey	Perception of BC EHO's on BC Transfat Regulation - A Survey of BC EHO's
2010	Survey	Evaluation of a Food Safety Course, Caring about Food Safety, Developed by the Ministry of Health Living and Sport

2010	Survey	Will Going "Green" Make You "Green": Is Consumer Health at Risk Due to Reusable Shopping Bags
2010	Survey	Survey of Sanitation Practices Used on Toys in General Practitioners' Waiting Rooms in Vancouver BC
2011	Chemical	Assessing the Accuracy of Aquacheck Test Strips in Measuring Pool Chemistry Parameters
2011	Microbiological	Tea Tree Oil: Natural Wonder or Plunder?
2011	Microbiological	The Difference in Escherichia coli counts on 3M petrifilms from a holding period of 24 hours as compared to a holding period of 48 hours at 4C in an E.coli contaminated water source
2011	Microbiological	The Evaluation of the Presence of Heterotrophic Bacteria and Fecal Coliforms on the Drinking Surface of Beer Cans, from a Particular Brewery, at Three Different Stages of Processing
2011	Physical	Evaluating the Effectiveness of Moisture Removal (Aw) Using a Toaster-Oven Compared to a Food Dehydrator
2011	Physical	A Study of the Occurrence of Hot and Cold Temperature Zones Within 3 Different Common Domestic Refrigerators
2011	Physical	Efficiency of BRITA Water Filtration System in Removing Lead Contents in Drinking Water and How a Continuous Tap Water Filtration Affects the Performance of BRITA Water Filtration System
2011	Physical	Keeping Hot Chicken Noodle Soup in Different Types of Thermal Food Containers at Adequate Temperatures to Prevent Foodborne Illness
2011	Physical	Do Operators Know How Much Ultraviolet Radiation is Being Emitted from Vertical Tanning Devices
2011	Survey	Assessing the Effectiveness of Public Health Interventions for Regulating Personal Services Establishments
2011	Survey	The Public Health Inspector Awareness of High Hydrostatic Pressure Treatment and its Effect on Safety, Quality, and Shelf-Life of Ready-to-Eat Meat Products in Canada
2011	Survey	Determination of Factors Associated with Tuberculosis Knowledge Scores and Evaluating Personal Preparedness in Metro Vancouver Population

2011	Survey	The Operation of Saunas in Public Facilities: Should They Be Regulated
2011	Survey	A Study on the Effectiveness of Tobacco Warning Labels
2011	Survey	Infection Control in Vancouver's Medical Clinic Waiting Rooms: Is There a Difference in Regions of Low-Medium versus High Socioeconomic Status?
2011	Survey	A study of deep fryer oil quality and risk rating in food premises
2011	Survey	Does the Storage of Packed Lunches from Home Have the Potential to Cause Foodborne Illness?
2011	Survey	An Enquiry of BC Environmental Health Officers on the Desirability of Prescriptive Legislation for the Cleanliness and Sanitation of Child Care Facilities
2011	Survey	Mouthguard Hygiene: Not Just a Mouthing Matter
2011	Survey	A Survey of Public Perception and Responses to Food Recalls in Canada
2011	Survey	Exploring the Necessity of Follow-up Procedures in Canada for Peoples Diagnosed with Chemical Exposures
2011	Survey	A survey of the knowledge and opinion of the general public of food irradiation used in food processing
2011	Survey	Investigating the Knowledge of Environmental Health Officer and the Public Regarding Dietary Sodium Intake
2011	Survey	What Does the Public Know About Tobacco
2011	Survey	Assessing BC Residents on Perception about UV Radiation and their Behaviours on Sun Protection
2011	Survey	The Effectiveness of Metro Vancouver's Food Scraps Recycling Program

2011	Survey	Nanotechnology: Revolution or Repulsion?
2011	Survey	Restaurant Operator's General Knowledge of the Health Effects of Sodium and their Perspectives on a Potential Sodium Regulation in British Columbia
2011	Survey	Getting People Out of Their Cars in Order to Reduce Air Pollution and Decrease Obesity Levels
2011	Survey	A Study to Determine the Association Between Consumer Grocery Store Shopping Habits and the Awareness of Cross Contamination in Relation to Age, Gender and Education
2012	Chemical	The Deep Scoop: Deep Fryer Oils
2012	Chemical	How much sanitizer are we consuming
2012	Chemical	Comparing pH values of high acid fruit jams from temporary food markets and commercial supermarkets in lower mainland
2012	Chemical	The Effect of Calcium Carbonate Concentration and Contact Time on Chlorine Disinfection of Drinking Water
2012	Chemical	Emergency Drinking Water Treatment with Household Bleach
2012	Microbiological	The Effect of Triclosan Hand Soap on Gram Positive and Gram Negative Bacteria
2012	Microbiological	An Investigation on Organic Contaminants on Tattoo Machines
2012	Microbiological	An Investigation on Warm Air Dryers as a Source for Recontamination
2012	Microbiological	What is the added bulk in the bin?
2012	Microbiological	Contamination of Everyday Phones - An Added Feature

2012	Microbiological	Growth Inhibition Challenge Study for Raw Fod Diet Crackers Recipe
2012	Microbiological	A study of maximum length of time to keep foods in the “danger zone”
2012	Physical	Determining the safety of thawing raw ground beef at room temperature
2012	Physical	Smartphone as Sound Level Meters
2012	Physical	The cooling time of food storage containers
2012	Physical	A comparison of two iphone light meter applications to a standard light meter
2012	Physical	Is the Concentration of Ultrafine Particulate Matter at Soccer Fields Related to their Setback Distance from a Roadway?
2012	Physical	Determining the Accuracy and Reliability of Thermal Labels for Dishwasher Temperature Verficiation
2012	Physical	Comparing the Accuracy of infrared thermometer with probe against bimetallic thermometers
2012	Physical	A comparison of the accuracy and reliability of hand held portable pH meteres and pH indicator strips
2012	Physical	Alkaline Water: Is the pH Accurate?
2012	Physical	Comparing PM2.5 levels between outdoor patios and inside of restaurants
